

MARLEY DRUG PHARMACY IN THE EMR

Locate Marley Drug in your EMR

START by searching for “Marley Drug” in the EMR system’s retail pharmacy search tool

Confirm “retail” pharmacy is selected when conducting a search

Ensure any other limiting search criteria are unselected

If you are unable to locate Marley Drug in the EMR, proceed to troubleshooting **Step 1**

Marley Drug Pharmacy Address:
5008 Peters Creek Pkwy
Winston Salem, NC 27127
P : 1-800-286-6781
F : 1-336-771-9921

NCPDP Number:
3441045

Store NPI:
1376640201

Marley Drug Pharmacy Details

Troubleshooting Guide

1

Manually add Marley Drug to the EMR

Locate the “new” or “add” button in the pharmacy selection screen

Input all relevant Marley Drug details (see **Marley Drug Pharmacy Details**) and save

If you are still unable to manually add a pharmacy to the EMR, proceed to **Step 2**

2

Coordinate with Marley Drug Pharmacy staff at **1-800-286-6781**

Marley Drug staff will request the provider’s EMR System (i.e. Athena, SRS, Epic)

Marley Drug staff will coordinate with EMR and provider to load Marley Drug into the system

EMR updates may take 24 hours to process

Marley Drug staff will follow up with your office to confirm Marley Drug is visible in the EMR

Support Resources

Provider may call in or fax the prescription directly to Marley Drug Pharmacy
